Robert Cifelli, Ph.D.

PRESENT POSITION

Lead, Hydrometeorology Modeling and Application Team
Physical Science Division
NOAA Earth System Research Laboratory
Boulder, CO 80305
303 497 7369 (V)
rob.cifelli@noaa.gov

EDUCATION

B.A. (1983)	Geology, University of Colorado, Boulder, Colorado
M.S. (1986)	Hydrogeology, West Virginia University, Morgantown, West Virginia
Ph.D. (1996)	Atmospheric Science, Colorado State University, Fort Collins, Colorado

PROFESSIONAL EMPLOYMENT

- 2015-Present: Hydrometeorology Modeling and Applications Team Lead, NOAA PSD, Boulder, Colorado
- 2011-2014: Hydrometeorology Science Team Lead and Deputy Branch Chief (2013-2014), NOAA PSD, Boulder, Colorado
- 2009-2011: Field Coordinator, Hydrometeorology Testbed (HMT), NOAA PSD and CIRA, Boulder, Colorado
- 2007-2009: Senior Research Scientist, Department of Atmospheric Science, Colorado State University, Fort Collins, Colorado
- 2002-2007: Research Scientist III, Department of Atmospheric Science, Colorado State University, Fort Collins, Colorado
- 1999-2002: Research Associate, Department of Atmospheric Science, Colorado State University, Fort Collins, Colorado
- 1997-1999: Assistant Research Professor, JCET, UMBC, Baltimore, Maryland and TRMM Office, Laboratory for Atmospheres, NASA Goddard Space Flight Center, Greenbelt, Maryland
- 1996-1997: Visiting Fellow, CIRES, University of Colorado, Boulder, Colorado

SIGNIFICANT CAREER ACCOMPLISHMENTS

- Team lead for research scientist, engineer, and IT group focused on improving forecasts of extreme precipitation events in complex topographic terrain
- Manage budgets and provide strategic direction for NOAA's Hydrometeorology Testbed (HMT)
- Responsible for the planning, coordination, and execution of HMT field activities and research to operations (R2O) activities
- Lead scientist on numerous field campaigns around the world, including TOGA COARE (Solomon Islands, 1993), SCSMEX (South China Sea, 1998), TEFLUN-B (Melbourne, FL, 1998), TRMM-LBA (Rondonia, Brazil, 1999), KWAJEX (Marshall Islands, 1999), EPIC-2001 (East Pacific, 2001), CRYSTAL-FACE (Florida Everglades, 2002), NAME (Mazatlan, MX, 2004), NAMMA (Republic of Cape Verde,

2006), and C3VP (Ontario, Canada, 2007). Responsibilities during these campaigns included planning and logistics of instrument deployments (radar and ancillary instrumentation such as rain gauges, disdrometers, and sounding networks) as well as oversight of radar operations and analysis of data sets. For several campaigns, assisted in the development of flight tracks for aircraft sampling that were needed to complement the ground based sampling and satisfy the overall mission goals.

- Extensive experience in the analysis of radar and other observational and modeling data sets to further understanding of storm dynamics (single and multiple Doppler retrievals) precipitation processes (interpretation of polarimetric observations) and improve/evaluate quantitative precipitation estimation algorithms.
- PI or Co-PI on numerous grants.
- Developed and taught an undergraduate course in climate change at University of Maryland Baltimore County and an undergraduate course in weather and climate at Colorado State University. Served as a graduate instructor at Colorado State University, developing material and teaching a potion of ATS-741 (radar meteorology).
- Published over 40 articles in peer-reviewed literature
- Member of the Interagency Climate Change and Water Working Group and NASA PMM Science Team; Co-chair of the NOAA GPM Advisory Panel on Precipitation Measurement from Space
- Co-led a team to expand the Community Collaborative Rain Hail and Snow (CoCoRaHS) network nationwide

GRANTS AND CONTRACTS

- Profiler Observations in TRMM: Validation for Latent Heating and Precipitation Measurements. National Aeronautics and Space Administration, NRA-98-OES-02, $255,120 (10/1/98 – 9/30/01), PI.
- Analysis of Data from TRMM/LBA for the Purpose of Validating TRMM Cloud Models. National Aeronautics and Space Administration, NRA-99-OES-03, $591,104 (10/1/00 – 9/30/03), Co-I.
- Shipboard Radar Observations of Precipitating Convection in EPIC2001. National Science Foundation, $515,870 (01/01/01-12/31/03), Co-PI.
- Polarimetric Radar Measurements of Tropical Convection in Support of CRYSTAL-FACE. National Aeronautical and Space Administration, $55,547 (01/01/02-12/31/03), Co-PI.
- Improving Quantitative Precipitation Estimation Through Combined Use Of Dual Polarimetric Radar And A High Density Volunteer Precipitation Network", Cooperative Program for Operational Meteorology, Education, and Training (COMET) Cooperative Project, $74,517 (06/01/02-05/31/04), P.I.
- The Community Collaborative Rain and Hail Study – Science Education Through Participation in Community-Based Research, National Science Foundation, $897,341 (12/01/02-11/30/05), P.I.
- Physically-based Observational Studies for TRMM and Concept Development for GPM Validation, National Aeronautics and Space Administration, $930,000, (07/01/03-06/30/06), Co-PI.
- Ship-Based Radar, Sounding, and Flux Observations in Support of NAME" National Oceanic and Atmospheric Administration, $220,000, (04/01/04-03/31/07), Co-PI.
- S-POL Radar Studies in NAME, National Science Foundation, $350,000, (02/01/04-01/31/07), Co-PI.

- Development and Application of EPIC Integrated Datasets for Atmospheric and Coupled Modeling, National Oceanic and Atmospheric Administration, $109,255 (05/01/06-04/30/07), PI.
- Radar-based Studies of Convection, Easterly Waves and Developing Tropical Storms in NAMMA, National Aeronautics and Space Administration, $388,828 (06/01/06-05/31/09), PI.
- CoCoRaHS: Enhancing Environmental Literacy Through Participation in Climate Monitoring and Research, National Oceanic and Atmospheric Administration $585,000 (10/01/06-09/30/09), Co-PI.
- GPM Ground Validation Studies at Colorado State University, National Aeronautics and Space Administration, $90,013 (12/01/07-10/30/08), Co-I.
- Studies of Convection in NAME, National Science Foundation, $565,001 (11/1/07-10/31/10), Co-I.
- GPM Ground Validation Studies at Colorado State University, National Aeronautics and Space Administration, $30,000 (5/30/), Co-I.
- Studies of Convection and Precipitation Physics Under PMM, National Aeronautics and Space Administration, $500,000, (1/1/10-12/31/12), Co-I.

PROFESSIONAL AFFILIATIONS, AWARDS

Member, American Meteorological Society

Member, American Geophysical Union

Member, National Weather Association

Student Travel Scholarship Recipient, American Meteorological Society, 1994

Visiting Fellow Recipient, CIRES, University of Colorado, 1996

UCAR Education and Outreach Award Recipient, 2009
